DIARY NOTES

DD/S *W*

26 April 1962

1. I talked with Pete Scoville and he reluctantly agreed to remain in his present space on the third floor. General Carter has approved and I have worked out arrangements to locate the Inspector General on the seventh floor. (This settles, at least for now, the seventh floor space problem, and we now can proceed to move a few more checkers on the board.) *H*

25X1A9a 2. I interviewed Mr. [REDACTED] an admin JOT headed for Saigon to become Bert
25X1A9a [REDACTED] assistant. He has an M.A. in both political science and business admini-
stration. (He looked very good, and his career should be watched closely.)

25X1A9a 3. [REDACTED] telephoned to say that the Bureau of the Budget had agreed to
release the necessary funds from the reserve for [REDACTED]. *H*

25X1A6d

25X1A9a 4. [REDACTED] was in to talk with me about the computer requirements of the
Deputy Director (Support) and his relationship to the 501 computer center now that
25X1A9a this center is no longer of the DD/S organization. I have arranged to meet with
John Bross, and Mr. [REDACTED] and him at 9:30 on Monday morning, 30 April, to talk
about this. Joe also renewed his request for some space in the new building, and
I told him that I would find some way to get him out here before too long.

25X1A5a1 5. Mr. Kirkpatrick buzzed to say that he had my Memorandum of Conversation
25X1A5a1 with [REDACTED] and that the Director had said that he had no interest in seeing
Mr. [REDACTED] I gave him the background on [REDACTED] and he said that if I didn't
hear from Ting Sheldon by Monday, 30 April, to let him know so that we could get
together. (This I agreed to do.) *H*

25X1A6d

6. Mr. Kirkpatrick told me that Pat Carter had given him the real estate statistics which I forwarded a few days ago, along with another set of statistics from the Development Projects Division. Pat's note to Kirk said that these should be pulled together. Kirk said he would talk with Pete Scoville. I asked him either to obtain Pete's agreement that Logistics should take over logistics functions in DPD or to give me a directive to do so.
